Assiut, Egypt

Bachelor of Computers and Information Technology
Assiut University (AUN) [↗](#)
Computer Science Department

INTERNSHIPS

06/2025 – 12/2025
Alexandria, Egypt

DEPI-MCIT [↗](#)
Devops Engineer Track
6 Months - Focusing on Devops Tools

08/2022 – 11/2022
Alexandria, Egypt

ITI-MCIT [↗](#)
Open Source Applications Development
4 Months - Focusing on Laravel and Angular

06/2022 – 07/2022
Remote, Smart Village,
Egypt

NTI - MCIT [↗](#)
Web Development Track
1 Month - Focusing on PHP, MySQL and Laravel

08/2020 – 11/2020
Remote , Egypt

YAT Academy - MCIT [↗](#)
Professional Full Stack Diploma - Web Development
4 Months - Focusing on DB , PHP and Laravel

PROJECTS

02/2023 – 02/2024

Multi-Tenants Healthcare System [↗](#)
Developed and maintained a large-scale, multi-tenant healthcare SaaS platform for AHS-nWeave, designed to serve multiple independent healthcare providers (tenants) under a single unified system. The platform ensured data isolation, secure role-based access, and centralized management while allowing customization per tenant's workflow.

02/2024 – 08/2024

HR Management System-freelancing
Designed a modular system to automate hiring workflows, including candidate evaluations and interview scheduling. Features multi-stage assessments, bulk Excel data handling, and a dynamic scheduling matrix to optimize interviewer-candidate matching.

09/2022 – 11/2022

E-commerce Jumia Clone project [↗](#)

- Developed a feature-rich Jumia clone (e-commerce website) as part of a collaborative team effort during ITI training.
- Key features: User authentication, product search/filtering, cart/checkout system, admin dashboard, and responsive UI.
- Delivered a fully functional demo (YouTube Demo Link [↗](#)) and documented the project in the GitHub Repo README.
